Reflection

Author's Notes:
This came to me while I was watching one of my Gamma Ray DVDs. Thanks goes to Andy for looking it over :)

A push here, a grunt there, it didn't matter to Kai. Yes, getting off was welcome but this meant more.

Stroke of fingers, the hot taste of a mouth, the feel of a sweaty body pressed against him where he lay. Warmth of another without all the messy strings associated with girlfriends.

Countless times waking up in a cold bed, a thing of the past. One look offstage, the next in each others arms.

Long tours that used to drag, now only a memory.

Kai leaned back and kissed the head perched on his shoulder.

Peace for a weary mind.
